

Amendment for the Generations

Many times when praying through our personal generational iniquities, I'm often asked if this will impact one's children or siblings. It will if you add the following prayer as an amendment to the court case(s) you have just completed.

We ask that everything done to day on behalf of _____, be applied to everyone related to them by blood, marriage, adoption, or civil or religious covenant. We ask that this be applied to everyone all the way back to Adam and all the way forward as far as it needs to go, in Jesus' name. We ask that the DNA be cleansed and healed from the trauma of these events and the trauma of time related to these events, in Jesus' name.
