

A KINGDOM BUY-IN: A Call to Destiny Helpers

By Stephanie Stanfill

This is a transcript from the LifeSpring Mentoring Group gathering on August 4th, 2026.

What do we buy into? All of us buy into concepts and then we literally buy *into* those concepts. For instance, I like design. I find myself continually looking into design features on different apps, as well as homes designed by professionals. That's what I do in my spare time. Sometimes I buy things that support those design ideas...All of us have "buy-in" to something. Do we actually ask the Father about these buy-in's? I confess, I don't always do that.

Here is another example of a buy-in. LifeSpring, this platform. Many of you have understood the concept of this Courts of Heaven ministry. You have "bought into" the idea of spending Tuesday nights with us. You've understood and "bought into" the knowing there will be new, fresh revelation released in a continuous way on this platform. You've bought into the understanding that you can learn and grow. Many have traded their time and money for personal sessions, tithing and even courses of learning.

Let's talk about the different missions of LifeSpring and what exactly you have bought into.... You deserve the Buy-in conceptualization of what the Father has given for LifeSpring, for the Center and for you.

Because we have so many new people here and also, because we have grown so much, let me share the difference between LifeSpring International Ministry, The LifeSpring Center for Healing and Wholeness, The School of Ministry, Heaven Down Business, AfterCare and Crown Ecclesia. Stay with me here, I promise it will be worth your time.

LifeSpring International Ministry is where all of this began. The heart of the father was always to bring people together internationally into one space, and Zoom has allowed that. And Dr. Ron and Adina's sacrifice has given us this.

Each of us are able to come together, in a like-minded spirit, and we are able to listen to revelation from Heaven, and then we learn to actually apply it! Out of this vision that dr Ron and Adina grew, birthed Tuesday night mentoring, a free platform which is what you're doing with us tonight. It birthed other concepts of Kingdom living like personal advocacy sessions, Heaven Down Business and its advocacy, the school of ministry, the intercessor program and even an ecclesia gathering called Crown Ecclesia. Each one of these has taken specific destiny helpers to achieve each portion of the ministry. Each one has taken time. God has been faithful in bringing in the right people, very talented people.

Many of this was originally done voluntarily until the vision grew. LifeSpring International is *the* international ministry as a whole. It is what you see live on Tuesdays, it's the books, the website, the conferences, and the personal advocacy sessions with trained Courts of Heaven advocates. That is the literal foundation of the Courts of Heaven ministry.

Just to let you know, in all of this that is LifeSpring, there are only 4 salaried people but many who are independent contractors or hourly employees. We have a great need for staff right now. Are you a content generator for social media so that shorts of Dr. Ron's teaching can go out? We need that. However, it is not free. LifeSpring International has its own financial responsibility, separate from all of the other internal ministries. For instance, this Zoom platform you're on right now. Because of how many Zoom platforms we have to have, for not only each personal advocacy session, but also for each individual client and its advocates—we have to have a totally separate Zoom account and Zoom rooms for Heaven Down Business and then also a separate one for AfterCare, its pastor and counselors and then also for the LifeSpring School of Ministry which meets on Mondays and Thursdays with three different teachers and their students on Mondays which means multiple accounts in order to work. It's multiple Zoom accesses with hundreds and hundreds of dollars for each Zoom account. I am not telling you this to feel sorry for us, no, I am telling you this so you know what your buy in is actually for. Informed people make informed choices. Right?

AfterCare is a separate ministry; it is specific to counseling and pastoral care unique to women and unique and separate to men. Under AfterCare is Sons of Thunder, led by Matt.

Then a separate entity is the LifeSpring School of Ministry. The entire purpose of this is for your individual freedom. Many who come on Tuesdays sometimes feel lost because they have never heard of the Courts of Heaven or learned what many of us have who have been following this ministry. The School of Ministry gives the opportunity for you to learn and grow and do this beautiful Kingdom work for yourself and for your lineage, as well as for the future of your lineage.

Then there is Heaven Down™ Business, it even has its own separate website, HeavenDownBusiness.com. It's kingdom living for where you work, the business you have, or the one you are wanting to have. It has its own resources and books, as well as trained advocates who are digging deep for kingdom successes. It has its own paid positions of senior and junior advocates. Did you know that in all advocacies, be it on the LifeSpring side or the HDB side, we pay both the senior and junior advocates, even if the client doesn't show up? A workman is worthy of his hire! They prepare, they come ready, they have taken the time to pray. This is kingdom.

We have our own church called Crown Ecclesia. Its purpose is for those who are tired of the traditional churches, those who don't fully understand Courts of Heaven, the ability to engage Heaven, or to even litigate for their own community, state, or nation.

Now let's talk about:

Building the LifeSpring Center for Healing and Wholeness

For we are laborer's together with God. (1 Corinthians 3:9)

You see, in all of this, there is a difference between asking people simply to **give money** and **inviting people to build something with God**.

Throughout Scripture, when God established something that would serve His people, He often invited people to participate in building it.

When the Tabernacle was built, God told Moses:

Speak unto the children of Israel, that they bring me an offering: of every man that giveth it willingly with his heart. (Exodus 25:2)

The key word is **willingly**.

There was a vision.

There was a place.

There was a purpose.

There were resources required.

But there was also an invitation.

God allowed His people to have a **buy-in**—not merely financially, but **spiritually and generationally—in what He was establishing**.

The same principle appears when David prepared for the building of the Temple. David personally gave toward the work and then asked:

Who then is willing to consecrate his service this day unto the LORD?
(1 Chronicles 29:5)

The people responded willingly and rejoiced because they had given **with a perfect heart unto the Lord** (1 Chronicles 29:9).

That is the kind of partnership we desire for the **LifeSpring Center for Healing and Wholeness**.

But First, We Must Acknowledge Something

The Church has not always handled money well.

There have been churches, ministries, and leaders who have manipulated generosity, pressured congregations, misused offerings, exploited people's faith, or promised spiritual blessings in exchange for financial gifts.

We do not want to build upon that foundation.

Before asking others to participate, we want to humble ourselves before God. I have asked some of our team to help us as we open a class action lawsuit on behalf of ministries and ministry leaders.

A Prayer of Repentance

Father, in the name of Jesus, we come before You with humility. We ask to step into the realms and Court, in Jesus' name. We request to enter into a Class Lawsuit with other believers regarding your church, it's misuse of your people and your kingdom finances.

We repent on behalf of leaders, churches, ministries, and movements within the Body of Christ that have taken advantage of the generosity of Your people.

We repent for manipulation, pressure, guilt, fear, exaggeration, dishonesty, greed, misuse of offerings, lack of accountability, and every place where people were treated as sources of revenue rather than sons and daughters whom You love.

We repent where giving was demanded rather than invited, where promises were made that You did not make, and where people were made to feel that Your love, favor, healing, or blessing could somehow be purchased.

For your word says in Matthew 23:23:

Woe to you, teachers of the law and Pharisees, you hypocrites! You give a tenth of your spices- mint, dill, and cumin. But you have neglected the more important matters of the law, justice, mercy, and faithfulness. You should have practiced the latter, without neglecting the former.

Forgive us where we, the body of Christ have neglected those matters of the heart, our hearts, and have not walked in truth, the truth of your courts, where we didn't look at Your justice, Your mercy, or Your faithfulness but instead, neglected them and your people.

Forgive us, Father.

Cleanse Your house.

And cleanse us.

May LifeSpring never build through manipulation or through any of the afore-mentioned tactics.

May we never exploit someone's compassion, pain, faith, or desire to please You.

Instead, let every person who participates do so freely, prayerfully, joyfully, and with understanding.

Your Word says:

Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver. (2 Corinthians 9:7)

Therefore, Father, let every gift toward each vision come from willing hearts, those who answer to You and You alone.

Give us wisdom, integrity, transparency, accountability, and excellent stewardship over everything entrusted to us as a ministry.

May every dollar, every building, every acre, every home, every garden, and every resource ultimately serve Your people and glorify You.

In Jesus' name, Amen.

THE INVITATION

We are not asking people simply to fund an organization.

We are inviting people to help build. Build LifeSpring International and also the LifeSpring Center, a place of restoration.

The **LifeSpring Center for Healing and Wholeness** is envisioned as a fully operational healing campus anchored by a central building, four ponds—two already fully stocked—and working land.

It exists to restore survivors of abuse and trauma, provide a place of restoration for Survivors, those who have been abused mentally, physically and verbally. It is being built for first responders, firefighters, police officers, emergency responders dealing with PTSD. It is being built to invest in our veterans, to steward the land regeneratively, and to operate through diversified, sustainable revenue streams.

The goal is long-term stability for the Center while creating meaningful legacy—

And this is important:

This is not merely a future idea.

The core infrastructure already exists.

We are now inviting partners to help us build what completes the ecosystem.

WHAT IS ALREADY IN PLACE

The **Central Building** provides the foundation for the opportunity for Weddings, administrative offices, it has a full kitchen that can be developed into a commercial kitchen, dining and gathering spaces, initial training and conference rooms, and a media and teaching base.

There are also **four ponds, two fully stocked**, providing therapeutic and contemplative settings, fishing retreats and events, irrigation and livestock water, and beautiful surroundings for weddings and venue activities.

For anyone who wants to be boots on the ground, this means **immediate operability**.

For donors, it means something even more personal:

Healing can begin from day one.

WHAT WE ARE BUILDING TOGETHER: Purpose-Built Structures

The first will be a **Multi-Use Event Center**, providing space for weddings, conferences, retreats, teaching intensives, media production, online ministry, and community gatherings.

The **Pavilion** around the Pond for community gatherings.

The **chapel**, for weddings, for a quiet place to go for prayer, for women's and men's gatherings and getaways.

Staff Housing: for those working the property, for those staff who come in from out of country during events. Healthy land and healed people require people who are willing

to live where they serve. Staff housing would also provide homes for caretakers, farmers, kitchen staff, equine specialists, counselors, and other essential team members while helping stabilize operations, reduce turnover, provide 24/7 stewardship, and potentially create retirement opportunities.

Then eventually, an **Equine Therapy and Livestock Barn**, providing trauma-informed equine therapy, livestock and animal-assisted healing, a petting arena, and educational programming.

These buildings serve many purposes

They generate revenue, and they provide environments where some of the deepest healing work can occur.

Oaks Of Righteousness: Entrance Trees

We have 34 Trees already present. We will just have a plaque made and attached to the tree saying "In Honor Of _____" or "Founding Family: The Carson Family"

Prayer Walk

Prayer Walk: The Anchoring Tree, The Trust Tree, The Communion Tree, The Identity Tree, The Peace Tree. We have these trees in place.

Then, Cottage Villages – 18–25 Units

Approximately 400-800 square feet each, these homes can provide temporary transitional housing for trauma survivors, retreat guest accommodations, short- and long-term rentals, and housing for visiting faculty and ministry partners.

The anticipated capital participation is approximately **\$50,000–\$100,000 per unit.**

For each giver, there are naming and legacy recognition.

The GARDEN → TABLE → HEALING

The land itself becomes part of restoration.

The regenerative agriculture plan includes multi-acre vegetable gardens, orchards, flower fields, beehives, composting and soil regeneration. We have entertained alpacas for wool, a farm store, bookstore, ministry resources, and face-to-face Personal Advocacy Sessions.

These resources can feed residents and staff while also supplying retreats, events, farm-to-table dinners, flower sales, honey sales, wool sales, ministry sales, and direct farm-to-consumer sales.

This provides reduced food costs, meaningful work and job training, local revenue, and something Scripture repeatedly emphasizes:

Stewardship of what God has placed in our hands.

The LORD God took the man, and put him into the garden of Eden to dress it and to keep it. (Genesis 2:15)

MISSION AND REVENUE WORKING TOGETHER

The vision includes two complementary functions.

The **nonprofit mission arm** focuses on survivor restoration and housing, therapy and counseling, scholarships and sponsorships, retreats, prayer walks, teaching, counseling, and healing.

The **enterprise revenue arm** creates sustainable income through tiny-home rentals, weddings and conferences, agriculture, ministry resources, the market, farm-to-table events, media and content production, and even fishing retreats.

We ask you, what Kingdom ideas do you have to offer? We are listening.

The principle is simple:

Revenue sustains mission.

Mission gives revenue meaning.

We do not want to create a healing center that must constantly wonder whether it can survive another year.

We want to build an **ecosystem** capable of helping people **for generations**.

WHAT DOES “BUY-IN” REALLY MEAN?

Buy-in does not necessarily mean writing the largest check.

It means being able to say:

“I helped build that.”

Let’s look at Luke 6:38 in the Mirror:

Gift language beats reward language by far! This is the mirror measure! Your giving reflects your source. A good measure, pressed down, shaken together, running over, will they pour into your laps!

Think about that.

This is all about who our source is!

Perhaps you helped build a tiny home where a survivor sleeps safely while rebuilding his or her life.

Perhaps you helped build the equine barn where a veteran suffering from trauma begins connecting with life again.

Perhaps you planted an orchard.

Perhaps you sponsored a garden.

Perhaps your family name is attached to a prayer trail or one of the cottages.

Perhaps you helped furnish a room.

Perhaps you provided a scholarship for someone who could never afford to come.

Perhaps you helped transform the kitchen into a commercial kitchen that feeds residents while generating revenue for the mission.

Each tier of giving directly funds a specific part of the campus—from **land and infrastructure to furnishings, scholarships, and ongoing resident care.**

And every named space represents healing that can continue **for generations.**

One generation shall praise thy works to another, and shall declare thy mighty acts. (Psalm 145:4)

A PLACE FOR EVERY LEVEL OF PARTICIPATION

There will be opportunities to participate through the **Founders Circle**, annual retreats, and impact and financial reporting.

There will also be sponsorship and naming opportunities connected to barns and arenas, gardens and orchards, the commercial kitchen, conference rooms, staff housing clusters, ponds, prayer trails, and other portions of the campus.

Donor experiences may include annual retreats, farm-to-table dinners, dedication ceremonies, and ongoing impact stories and testimonies from the work being accomplished.

But partnership is bigger than a plaque bearing someone's name.

It is about **legacy.**

Imagine bringing your children or grandchildren onto the property years from now and saying:

"Our family helped build this."

And then telling them about the veterans who found peace there.

The first responders who were strengthened there.

The survivors who discovered safety there.

The families who were restored there.

The people who encountered God there.

That is generational partnership.

WHY THIS CAN WORK

The core infrastructure already exists.

Revenue is designed to be diversified rather than dependent upon a single source.

Healing can be measurable and ongoing.

The land can produce.

The facilities can produce.

The events can produce.

The housing can produce.

The media can produce.

And those resources can continually flow back into the mission of restoring people.

This is why we say:

This is not charity alone.

This is not business alone.

This is restoration designed to last.

Nehemiah heard that Jerusalem's walls were broken down and its gates burned with fire.

He prayed.

He repented.

He sought God.

And then he built.

But Nehemiah did not rebuild Jerusalem alone.

Families took responsibility for different portions of the wall.

One repaired one section.

Another repaired another.

Another repaired the portion near his own home.

And eventually, many individual acts of obedience became **one completed wall**.

That is our invitation.

We are not asking everyone to build the entire LifeSpring Center for Healing and Wholeness.

We are asking:

What portion of the wall has God placed in front of you?

Maybe it is a cottage home.

Maybe it is parking.

Maybe it is a garden.

Maybe it is a scholarship.

Maybe it is furnishings.

Maybe it is a prayer trail.

Maybe it is one resident's care.

Maybe it is simply standing with us in prayer and believing that this place can become everything God intends it to be.

But we want everyone who encounters this vision to have the opportunity to say:

“There is a piece of this place that I helped build.”

Because years from now, when someone walks onto this property carrying trauma, grief, abuse, PTSD, rejection, or years of pain—and eventually walks away restored—we want an entire community of partners to know:

You helped make room for that healing.

For we are labourers together with God. (1 Corinthians 3:9)

I used to work for an international company who had to ask businesses for monthly donations to help their own community. I started thinking....

What is \$3 a day, exactly, in the big scheme of things? A cup of coffee outside of the home is more than that. We have a church app that will set up daily donations to any part of the Ministry of Life Spring that we’ve mentioned tonight. Remember, this has been an informational gathering moment for all of us. I dare you to go back and look where we’ve asked for money. I’ve been working here since 2020, and I can maybe count on one hand. how many times we’ve actually asked.

Seek the Father about giving into a ministry that feeds you. Is it us? Is it elsewhere? That is ok but I simply ask, will you give where you are truly fed. Listen, when you do that, you can call on **tithers right** in the Courts of Heaven. How many of us have been trekking through the Courts, perplexed as to why finances are tight. We blame other things but have not looked internally. Look, I am preaching to the choir here. I repent. We have an information highway at our fingertips. We are able to force feed ourselves on every prayer out there. I am personally choosing to sow into where I learned to fish for myself. That saying, you can feed a person, or you can teach them to fish so they can feed themselves from that day on. Dr. Ron is teaching us to fish.

We love to invest into you: our time, our prayers, our schooling we receive so that we CAN walk with you through the realms and Courts of Heaven. We give back for discounts on advocacy sessions, and Dr. Ron just gave away hundreds of dollars to every individual who attended the conference. It is an honor and privilege.

And thank you, those who have sown into LifeSpring. May you be richly blessed for you about your Father's business.

So, come build with us.

Come sow into restoration.

Come create something that will outlive all of us.

Help us build a place where healing becomes legacy.

Help us sustain LifeSpring International. What is your buy-in?
