

Governing with Shields

One morning, we engaged Heaven and checked in with Ezekiel, the ministry angel, and asked Ezekiel what he was doing. He replied, “We are busy working on the shields. The shields are up.

Tell the people to commission their angels to engage the shields that we are erecting.

“Tell them to **co-labor with us to engage both these shields *and* their own shields.** We are building shields around the ministry. You are to commission your personal angels to work with me to engage the shields.”¹

Ezekiel explained that his ranks are the shields—they form the shields. Shields let in things that we want in, so they let in the things of God, and they keep out the things of the enemy. Sometimes, we feel bombarded, but there is nothing going on in the physical realm. This is what it may feel like to us when the shields that angels are forming are being set up when they are acting on our behalf, and they need our backup, and we need their backup. We need to work together, so commission your angels to work with the shield function of the ministry.

Governing Our Realm

Many humans do not understand their realms, and therefore, they do not understand that they have the right to *govern their realms*.

¹ From *Engaging Heaven for Revelation: Volume 2, Chapter 6 “Erecting Shields and Governing Realms.”*

*Part of the governing of one's realm is
to establish shields of protection.*

This is the work of angels. Many have seen the need for protection, but few have understood that the shields also work to allow in:

- the blessings of God,
- the harmony of Heaven,
- the love of God,
- the associations He wants for us,
- the handshakes and the agreements of people that the Father wants us to have so we all can agree.

We have realms and we are called to govern our realms.

*All the realms that are in
a person's being are to be governed.*

Other realms within our realm intersect. For instance, we intersect the LifeSpring realm, and so our realm works with that realm. Therefore, we help to govern that realm.

We can flow to any of those realms, and we want to govern them with the help of angels, so govern them by:

- agreeing with God,
- agreeing with what He is doing,
- agreeing with his timeline,
- agreeing with His blessing, and
- commissioning our angels to make trades out of our realms to allow in what the Father is speaking about us, and to keep out what he is not speaking about,
- asking our angels to see to the shields regarding these things.

What strengthens a shield is:

- worship of God,
- intentional alignment with His Word spoken and verbalized,
- releasing of angels,
- the request to the Father for angels,
- the request of things for angels (like elixir and weaponry) and
- the belief in them that He has given them, He has made them for co-laboring, and he has given them to us for our good and that we collaborate with them and can collaborate with them well; that they do their job.

Vocalizing all of this is helpful to these angels who work to keep shields in place.

*By vocalizing these things aloud,
we help establish them in
the atmosphere about us.*

I am talking about a person right now—a three-part person: spirit, soul, and body. If we are talking about the spirit of that person, that spirit has a realm. That person's spirit must govern their realm and they do so with:

- spiritual truth,
- spiritual belief,
- spiritual faith,
- spiritual sight,
- spiritual activity.

Remember that the realms intersect and overlap; they both intersect and form the innermost part (our spirit) to our soul to our body realm—the container for the spirit and soul. Our realm trades with other realms. The intent of our realm is to trade with other realms who have righteous trades to trade with us so we can trade with them.

The Shields

We want to commission our angels to work with what is meant to come through to our realms because some things are meant to come through our shield. How will we know what is meant to come through our shield? They will have been written into books of Heaven about us.

Commission our angels to allow into our realm:

- the things that are written in Heaven about us
- the words of the Father,
- the books written about us in Heaven
- the maps about us in Heaven,
- the potentials about us in Heaven.

*We want these things in the measured flow
of Heaven to our realms.*

We have a role in this to collaborate with the angels to accommodate the trades with Heaven, people, structures, etc.

Declaration for Erecting Shields & Governing Realms

I am a realm. I choose to govern my spirit realm in the name of Jesus through the love of God for me through my salvation—through my redemption in Christ Jesus.

I govern my realm by agreement with God, agreement with what He is doing, agreement with his timeline, agreement with His blessing.

I commission my angels to make trades out of my realms to allow in what the Father is speaking about me, and to keep out what he is not speaking about me.

I commission my angels to see to the shields regarding these things.

I choose to govern my realms with the help of angels by agreement with God; agreement with what He is doing, agreement with his timeline, and agreement with His blessing.

I also choose to govern my soul realm so that it may grow and learn via my spirit the things of Heaven so that my mind is renewed in the ways of the Kingdom of God.

I choose to feed my spirit only that which is beneficial.

I also choose to govern my body realm so that it is a healthy carrier of my spirit and soul realms and that I can glorify God in my body.

I commission my spirit to govern my realm with spiritual truth, spiritual belief, spiritual faith, spiritual sight, and spiritual activity.

I commission my angels to allow into my realm the things written in Heaven about me: the words of the Father, the books written about me in Heaven, the maps about me in Heaven, and the potentials about me in Heaven.

I want these things in the measured flow of Heaven to my realms.

I choose to collaborate with the angels to accommodate the trades Heaven desires: trades with Heaven, with people, with structures, etc.

I commission my personal angels to erect my personal shields.

I commission my angels to engage the shields that are to be erected by Heaven for my life.

I commission my angels to work with Ezekiel, his commanders, and his ranks regarding the shields they have erected and to work with the shield function of LifeSpring International Ministries.

I commission my angels to work with what is meant to come through these shields, according to my book.

I commission my angels to collaborate with the angels assigned to LifeSpring International Ministries to develop the shield all around my spirit realm, to strengthen it, to support it, to engage it, to keep it activated, and to see to it.

I commission my angels to allow in the blessings of God, the harmony of Heaven, the love of God, the associations He wants for me, the handshakes, and the agreements of people that the Father wants for me so we can all agree with the purposes and desire of God.

I also commission my angels to help me understand where a breach has happened in a shield so that I can collaborate with the angels to strengthen the shield.

I choose to strengthen my shield by the worship of God, by intentional alignment with His Word spoken and verbalized, by the releasing of angels, by request of the Father for angels, by the request of things for angels (like elixir and weaponry), and by my belief in them, and that He has given them and made them for co-laboring, and he has given them to me for my good. I choose to collaborate with them, so they do their job.

I declare these things in the name of Jesus Christ.
