LifeSpring School of Ministry

Raising Leaders to Impact Nations

Overview

The LifeSpring School of Ministry offers a year long comprehensive trimester program designed to empower students with profound spiritual insights and practical heavenly protocols to effect change on an individual and global scale.

Trimester 1 introduces participants to a personally transformative journey focused on cleansing generational ties and embracing Heaven's freedom. It equips students with spiritual tools to cleanse themselves and their generations.

In **Trimester 2**, the curriculum shifts to the protocols of the various Courts of Heaven. Students explore the spiritual judiciary processes that enable believers to bring heavenly justice into earthly situations.

Trimester 3 expands further on protocols of the Courts of Heaven bringing students deeper into the revelation of various courts to bring people into freedom.

Once you have completed our basic course our forthcoming **Heaven Down Business** track teaches building your business from Heaven Down, a

business strategy to help grow Kingdom businesses. Similarly, our **Impacting Nations** track teaches students how to have a greater governmental impact on nations through the Courts of Heaven. These advanced segments delve into engaging heavenly realms for broader societal influence. Students may enroll in the various Trimesters as needed, provided they have completed the pre-requisite Trimesters or courses. There are also plans for a future **Health and Wholeness** track with focus on using the Courts of Healing and the Healing Gardens as well as working with our realms to experience healing, even from trauma, PTSD, SRA, and DID. Wholeness is our possession.

Each trimester builds on the last, forming a robust curriculum that guides students in becoming effective intercessors and Kingdom influencers capable of bringing divine order and blessings into their environments.

Each Trimester is approximately 14 weeks in length.

The LifeSpring School of Ministry is committed to raising leaders who understand and utilize the power of the Heavenly courts to manifest God's will on earth as it is in Heaven. Students may enroll in the various Trimesters as needed, provided they have completed the pre-requisite Trimesters or courses.

Completing **Trimesters 1-3**, along with the required Student Observer sessions, can qualify students to be considered for the Junior Advocacy program and eventual promotion to become Senior Advocates.

Completion of **Trimesters 1-3** plus the **Heaven Down™ Business Track B** can qualify a student to work with the Heaven Down™ Business aspect of LifeSpring as an Activator.

Please note that all classes are held electronically via Zoom over the internet for approximately a 2-hour duration once per week. You will be required to have a working computer and internet access to attend classes. All classes are also recorded, but attendance in the live session each week is required.

The Concept

This year is our second year of the LifeSpring School of Ministry.

LearnWorlds is the natural successor to our previous **CourtsNet** website that hosted the Facilitator Training Program. After six years, the goal of raising advocates to work with clients in the Courts of Heaven, has changed and this new platform has been redesigned for a new era to take people through the process of personal transformation, to living Spirit forward, to operating in the Courts of Heaven to hearing from Heaven for yourself and others to effect change in this world – whether that be in business, in the nations, or in the area of health and wholeness. The LifeSpring School of Ministry is a continuation of Dr Ron Horner's vision to empower, equip and release a new generation of leaders, visionaries and entrepreneurs into the world for the active work of building God's Kingdom around the world. Again, the year for the primary course will be divided into trimesters, each with a particular focus.

We have seen a need to assist people with cleansing their own lives and bloodlines. The first Trimester will be focused on resolving that need for personal transformation of the students while releasing generational effects. The second Trimester will be focused on the Courts of Heaven protocols for several of the most common courts we deal with. The third trimester will deal with advanced Courts of Heaven protocols.

The regular school classes meet live, via zoom, every Monday Night (7 PM Eastern) and have done so for over 6 years. This year we are excited to be introducing an additional class time on Thursdays during the daytime (12/1

PM Eastern) which will be a day school for US students and translates nicely into a Night School for our international students¹.

Using a combination of live teaching and recorded classes accompanied by a facilitator, **LifeSpring School of Ministry** is a year-round program with overlapping classes for Monday's students. Once Trimester 1 ends, Trimester 2 will begin, but also Trimester 1 will begin for the next round of students on Mondays only.

On Monday night classes for all Trimesters will run simultaneously, meaning that each round will have Trimester 1, Trimester 2 and Trimester 3 all beginning in January, April and August respectively. This pattern continues for our regular Monday classes where we will have three rounds of students, three times each year.

With our Thursday Day classes, we will be basing our daytime classes equating to an United Kingdom/South Africa evening schedule. However, there will be only one class operating per trimester. Which means you begin with Trimester 1 in January and continue directly with Trimester 2 in April

¹ Subject to timezones, the class will be scheduled as taking place 5PM – 10PM for people in the Ireland/UK, European or South African timezones. We will confirm a 12pm or 1pm Eastern start time depending on majority of student application and location.

and then Trimester 3 in August, (subject to assignments finished and acceptance to the next trimester) completing the school in one year.

Please be aware that all Trimesters have some weekend intensive topics as part of their offerings. Monday and Thursday classes will join together for these events on Saturday Intensives.

Each weekly class is about 2 hours long and is run via Zoom® using facilitators to open, monitor chat, community groups and general housekeeping duties followed by the teaching/training for that week and close with a question-and-answer time with instructions for the next week.

Please note: Prior graduates of the FTP program can retake any Trimester at a discounted rate and also are eligible to enroll in any of the advanced Tracks when they become available.

BASIC TRIMESTER OR TRACKS

Trimester 1: Cleansing the Generations

Welcome to Trimester 1 of the LifeSpring School of Ministry, where we embark on a transformative journey focused on cleansing generational ties and embracing Heaven's freedom.
