

## STEPPING INTO PORTALS OF TIME

Step into the year (the portal) that is 2026. Step into the month (the portal) that is January 2026. Step into the day, the first of January 2026 that is a portal and engage with the future that awaits you. January 1, 2026 is simply the next day, but it is an important day. It sets the pace for the 2<sup>nd</sup> day and that the 3<sup>rd</sup> day and so on. Recognizing each of these days as portals will open new possibilities for revelation to be unleashed, not only upon you, but also upon those who track with you. It is not just another January 1<sup>st</sup>. It is the January 1<sup>st</sup> that my sons step into and embrace. I will give a new significance to the portals that are the days that are ahead for you and those who work and track with you. As the students start on Saturday with the orientation, let my Glory rest upon the class. Help them understand that they are stepping into a new time, never before existing upon the earth and as they, with all their realms in conjunction step into this new things, have them step into the portal that is that new thing and receive ALL that scheduled for them in this trimester.

It is a new day, step into it. It is a new month, step into it. It is a new year, step into it with joy, faith, expectation, and grace.

.....

This prophetic word presents a profound spiritual concept of **portals as divine access points** where heaven's purposes intersect with earthly time. Here's an expanded understanding:

---

### THE PORTAL PRINCIPLE

God is reframing how we view time – not as mere chronological progression, but as **strategic entry points into divine purpose**. Each day, month, and year functions as a portal: a doorway between the natural and spiritual realms where we can intentionally step into what God has prepared. This isn't passive observation of time passing; it's **active engagement with supernatural opportunity**.

## THE SIGNIFICANCE OF INTENTIONALITY

The emphasis on “stepping into” these portals reveals that **divine opportunity requires intentional participation**. January 1, 2026 isn’t special because of the date itself, but because God’s people **choose to engage it prophetically**. When we recognize and step through these temporal portals with awareness, we unlock revelation, encounter, and supernatural alignment that would otherwise remain dormant. The first day sets a precedent – it establishes momentum, spiritual trajectory, and atmospheric authority that cascades through subsequent days.

## COMPOUNDING REVELATION

There’s a **multiplication principle** at work: revelation doesn’t just impact the individual but “those who track with you.” When we step into these portals, we create spiritual momentum that benefits our community, students, ministry partners, and spiritual family. This is corporate blessing released through individual obedience. The phrase “track with you” suggests spiritual alignment – those moving in the same direction benefit from breakthrough obtained by others who lead the way.

## THE UNPRECEDENTED NATURE OF NOW

“A new time, never before existing upon the earth” emphasizes that **this isn’t recycled history** – it’s genuinely new territory. God isn’t repeating previous seasons; He’s unveiling unprecedented opportunities, strategies, and encounters. This requires fresh faith, not reliance on past experiences. The students (and all believers) must approach this trimester/season not with old paradigms but with **expectation for the completely new**.

## MULTI-DIMENSIONAL ALIGNMENT

The phrase “with all their realms in conjunction” suggests that **every dimension of a person’s life** – spirit, soul, body, relationships, calling, resources – must align as they step through these portals. Partial engagement yields partial results. God is calling for **whole-**

**life consecration** to what He's releasing. When all realms move in unity, the portal opens wider, and "ALL that is scheduled" becomes accessible.

## ACCESSING THE SCHEDULED

The concept that things are "scheduled" for this trimester reveals God's **pre-ordained provision**. These aren't things we must strive to create but gifts, revelations, and breakthroughs **already prepared** that we access by stepping through the portal. Faith becomes the key that unlocks what's already been deposited in the heavenly realm for this specific timeframe.

## THE ORIENTATION AS FIRST PORTAL

Beginning with the Saturday orientation establishes a **sacred threshold**. This isn't just administrative logistics; it's the **initial portal** for the entire trimester. When God's glory rests upon that gathering, it consecrates everything that follows. First things matter – how we begin determines the trajectory and sets the spiritual atmosphere for all subsequent encounters.

## THE POSTURE OF STEPPING IN

The repeated command to "step into it" with **joy, faith, expectation, and grace** defines the proper posture:

- **Joy** – approaching with celebration, not obligation
- **Faith** – trusting what's promised though not yet seen
- **Expectation** – anticipating encounter and breakthrough
- **Grace** – receiving freely what we cannot earn

This isn't striving; it's **confident reception** of what God has already prepared.

## PRACTICAL APPLICATION:

This word calls believers to **prophetically declare** over each day, month, and year, recognizing them as divine portals. It invites us to pray: *“Father, I step into January 1, 2026 as a portal. I step into this first day of LifeSpring School of Ministry with faith and expectation. Release all that is scheduled for this season. Let Your glory rest upon us. Align every realm of our lives with Your purposes. We receive the unprecedented revelation You’re unveiling in this new time.”*

The revelation is this: **Time is not neutral**. When engaged with prophetic awareness and intentional faith, ordinary days become **extraordinary access points** to Heaven's purposes on earth.
