

Strategies for Engaging with Principalities

Our engagement began with the vision of an angel snatching a crown off a principality, and the angel said:

James 5:16

The effectual fervent prayer of a righteous man avails much.

- Co-laboring with Heaven for this strategy with the angels is imperative to remove this strength that alights upon the heads of the workers of darkness.
- With crowns comes strength, no matter whose side the wearers are on.
- It is not in and of yourselves to pull down principalities, for they are already defeated.
- Co-laboring with your angels in this duty to remove the crowns from the derelicts of duty is imperative.
- For this to be achieved, there must be a release from Heaven.
- Do you have a mandate to do so?
 - It is not in and of yourselves, but...
- The angels remove these crowns. This is a Kingdom principle.
 - It's a dangerous matter to seek to do this yourself.
- Step into the courts over your region, city, and town, and
- Receive instruction ("for my people are destroyed for their lack of knowledge...." (Hosea 4:6))
- Get a mandate from the Lord and then
- Have the angels strike. Do not put your angels at risk.

Dealing with a Principality Over a Region

Your Honor, I request that all books and records regarding those who stood against and prayed in the Courts of Heaven regarding this principality, including those who have agreed with it and those who have inflicted it, and those who have perpetuated it or enforced it. We ask for that to be brought forward in the name of Jesus.

From this place, I ask for the mandate from Heaven to be given to the angels to remove the crown from the spirit of _____ over this region, to weaken it, to use the capture bags and capture those who come with the spirit of _____, and judge them in the Courts of Heaven this day.

I ask for the strengthening of the crowns that are needed for my angels and the angels of this region. I commend them to the Father.

I do indeed forgive, bless, and release those who have impoverished others, spiritually or otherwise, those who have inflicted _____ upon others, and those who have agreed with all of the spirits that come with this principality and the mindsets it puts in place.

Thank you for the mandates of Heaven. We ask for the strategic forces in the name of Jesus.

Since the angelic hosts of Heaven can lose their crowns if we put them in a battle in which we haven't received the proper mandate to pull down or remove crowns from principalities.

I realize that I must have my crowns in order before we can request the removal of others' crowns. I ask for the ordering of my crowns and the crowns of those who stand with me in this matter.

I ask for the authorization of Heaven to be given to the angels assembled to take down the prince(s) and remove their ungodly crowns.

Thank You for the sons who are rising to this challenge.

Thank You for victory for the sons and for those you love. To You be all the glory and honor.

Dealing with Poverty in a Region

Your Honor, I request that all books and records regarding those who stood against and prayed in the Courts of Heaven regarding the poverty mentality, including those who have agreed with it and those who have inflicted it. We ask for that to be brought forward in the name of Jesus.

From this place, I ask for the mandate from Heaven to be given to the angels to remove the crown from the spirit of poverty over the region, weaken it, use the capture bags and capture those who come with the spirit of poverty, and judge them in the Courts of Heaven this day.

I ask for the strengthening of the crowns that are needed for my angels and the angels of this region. I commend them to the Father. I do indeed forgive, bless, and release those who have impoverished others, those who have inflicted poverty upon others, and those who have agreed with all of the spirits that come with poverty, laziness, lack, oppression, depression, destruction, innocent bloodshed, and ownership claims.

Thank you for the mandates of Heaven. We ask for the strategic forces in the name of Jesus.

Since the angelic hosts of Heaven can lose their crowns if we put them in a battle in which we haven't received the proper mandate to pull down or remove crowns from principalities. I realize that I must have my crowns in order before we can request the removal of others' crowns. I ask for the authorization of Heaven to be given to the angels assembled to take down the prince(s) and remove their ungodly crowns.

Thank you for the sons who are rising to this challenge.
