

Striking Accusations

This engagement we were to learn something new about accusations and one of the sources of them. Malcolm joined us and asked, “Who is the accuser of the brethren?”

We know the answer to that—Satan.

In Switzerland, a statue was erected in Lake Constance that rotates, pointing in every direction. Malcolm asked us, “Did you know that some accusations are *fed* through these little ‘g’ gods?”

“Assignments are given to these principalities that are over areas, they’re fed these accusations, and they vomit them out of their mouths.

“They are used by (the princes over these regions/nations) and given these accusations from hell and from these little ‘g’ principalities that are over regions. They take these accusations and vomit them out of their mouth as words—**as frequency words**—tons of them. These words fall to the ground and go quickly into the atmosphere. Those words are seeking whom they may land on that causes a person to be in agreement with those words. They then repeat the words causing the accusation to spread.”

“How do we govern this?”

We were reminded of an engagement with Ezekiel where he was putting up a specific shield. There was a big sun, agreements from hell from witches who were speaking into the sky, to the sun and moon, and Ezekiel was putting up a very specific shield where those agreements from hell would bounce off of. Further, Ezekiel put up a shield to *send in* a frequency of Heaven.

Malcolm instructed us, “Call Ezekiel near.”

Ezekiel appeared with lightning in his hand. Stephanie saw the frequency of it as it was moving in and through his hand. She began a commission:

Ezekiel, I commission you to raise the standard which looks like lightning, and it looks like a shield against the frequencies that are being vomited out by the principalities over regions. Because we're an international ministry, do this over regions.

We commission you, your ranks, and your commanders, to go to all of the places where we have people that are with us, those that track with us, those that work for us, and those that are coming in through every place, to put up the Banner of the Lord—that is the frequency shield which prevents the vomiting out of accusations against the ministry, the people, and the Kingdom work. We commission you to this as the principalities, those over those regions, vomit those accusations and words out seeking a person for it to land on in order for them to be in agreement with those words.

We ask you, Ezekiel, to use that lightning rod, striking down those frequencies, in the name of Jesus. To raise the standard and the banner of the Lord and the shields against those who are vomiting these accusations and frequency words out of their mouth, seeking whom they may devour.

I ask for the angels to go to every person that draws near to LifeSpring, works for, or contracts with, in any way, shape, form, or fashion (including volunteers), and begin removing every frequency that's been vomited out by these principalities that create accusations derived from offense, because of misunderstandings, because of all of those matters of the heart.

I commission you to protect on all sides—above the earth, on the earth, under the earth, in the earth, and under the sea, in the name of Jesus.

I commission you to use that lightning, however the Lord has shown you to use it, in Jesus' name.

It's as if Ezekiel has created a parameter around LifeSpring with every strike into the ground. When he puts the lightning in the ground, another one comes in his hand, and he's put up a barrier with this lightning.

Stephanie commented, “Malcolm, I’m so interested in what you showed us about the principalities and little ‘g’ gods, literally vomiting out millions of frequencies of words, which then lands on the earth, and someone catches it.

“How does this land on people?”

Malcolm reminded us, “Govern the whispers. Are you not sons? Govern with the name of Jesus.”

Stephanie immediately began praying,

We choose to govern the whispers, those things that are coming from every nation and tribe, from the little ‘g’ gods, as frequencies. We commission the angels to put up the banner everywhere, on all sides, and to pull down those frequencies just as you showed us about pulling down every frequency storm, in the name of Jesus. We’re asking that the banner of the Lord, the frequency of this lightning, that the frequency of love, the highest frequency, be established.

We repent on behalf of everyone who has picked up these frequencies without even realizing or understanding it because of their own junk in their lives. As the enemy has tried to use this against the ministry, and against every person trying to bring chaos, Lord, we honor you. We thank you for your arm, your mighty right arm, and we thank you for the lightning of the Lord. We repent on behalf of ourselves and every person, those that we know, those that we don’t know, that have spoken against you, Father, as they’ve dishonored you, said things about this ministry, carried offense against this ministry, against individuals in the ministry, against your work, Father. We genuinely repent on our behalf and their behalf. Forgive us of our own offenses.

We cling to our relationship with You, Your heart, in the chamber of Your heart. Father, we bring this to the mountaintop of the Lord. We choose love, we choose to love those that have spoken against you and us.

It's really against you, not against us; it is against you. We ask for divine restoration, in the name of Jesus.

Malcolm reminded us that this is a point for intercessors to govern and send angels against the little 'g' gods. Also, command the earth to swallow every ungodly accusation and spew out blessings that have been withheld.

Govern the whisperings—the voices and the choices.
